

NAVISITE® CLOUD LAUNCHER

Get Started in the Cloud

LOOKING TO GIVE THE CLOUD A TRY, BUT UNCERTAIN HOW TO BEGIN?

The NaviSite® Cloud Launcher is for you. NaviSite is one of the top providers of cloud services. In 2015, VMware named NaviSite its Cloud Service Provider Partner of the Year. Now you can take full advantage of NaviSite's industry-leading cloud capabilities, with no risk and no obligation. You don't even need a credit card to get started.

Simply go to NaviSite Cloud Launcher (cloud.naviopp.com), sign up and get full access to the NaviSite Self-Service Cloud platform at no charge for 30 days. And "no" means NO: **No credit card. No contracts. No obligation.**

When your 30-day trial is up, you can convert to a paid subscription or walk away. *It's that simple.*

TRY THE CLOUD

The NaviSite Cloud Launcher is a great way to see how the cloud meets your IT needs:

How Can Your Business Benefit from the Cloud?

The cloud is transforming IT. With instant access to the NaviSite cloud infrastructure you have everything you need to:

- Host applications
- Trial new services
- Support test and development
- Add storage
- Backup and recover

The NaviSite Self-Service Cloud is based on VMware's vCloud Director®, making it the ideal platform for cloud-based production applications. Get full access to VMware APIs and the VMware developer community resources. And manage your new cloud operation using either the native VMware interface or NaviSite's powerful AppCenter portal.

Ready to Start?

SIGN UP: Go to NaviSite Cloud Launcher (cloud.naviopp.com) and provide a few basic details. That's it. Try it now.

USE IT: Take full advantage of all the capabilities of NaviSite Self-Service Cloud at no charge for 30 days.

KEEP GOING OR WALK AWAY: At the end of the 30-day term, convert your trial account to a paying account with a few simple clicks. Or walk away, with no obligation.

If you choose to continue the subscription, you will be able to establish a fixed budget or opt for scalable, pay-as-you-go flexibility. You can also adapt your NaviSite account to take advantage of other NaviSite cloud services for infrastructure, managed applications, managed desktops, business continuity/disaster recovery and much more.

What's standing in the way of launching your cloud strategy?
With the NaviSite® Cloud Launcher... Nothing!
